PRICE

This is the current Descriptive Price List for the products we make in the scale and era in which you have expressed interest, based on your enclosed order. It will be updated on a regular basis and a copy sent with each future order. If more than a month has elapsed since you last ordered from us, and you are ordering by mail as opposed to telephone or internet, please contact us to ensure you are working from the latest list.

It will be fairly obvious to customers that we have had to institute a price code system, rather than printing a straightforward price against each item.

This has been necessitated by the number of products in our ranges (now approaching 20,000 and growing) and by the number of data bases we have had to develop over the years: the possibilities for errors, and the time needed to make changes have been considerable. The need to peg costs and prices is an ever-present spectre, and we hope that the reduction in previous costs and work enabled by this system will help us to do this and to provide you more quickly with more and better products.

The Price Code List included in this Descriptive Price List is applicable right across our own product range. The prices of paint and allied products retailed by us on behalf of other manufacturers are listed in the appropriate separate publication.

Simply make a note of the price code next to each product you require and convert it to £:p using the list supplied with this publication.

PLEASE USE A CURRENT PRICE CODE

Heritage

BR British Railways STEAM & EARLY DIESEL The Transition Era 1948-1968

Please note that transfer packs are listed

under their respective originating Company sections eg British Railways items are listed under BR: FRH40XX, 48XX, 49XX: Great Western Railway under GWR - Great Western Railway: FRH41XX: London, Midland & Scottish Railway under LMS - London, Midland & Scottish Railway : FRH42XX; London North Eastern Railway under LNER - London North Eastern Railway: FRH43XX; Southern Railway under SOUTHERN -Southern Railway : FRH44XX. Constituent Company graphics will be found under the appropriate section - eg South Eastern & Chatham under SOUTHERN - FRH44XX etc. Some packs appropriate for BR period use will be found under the original company section. For example, linings for BR Western Region locos are listed under the Great Western Railway section. Only British Railways-designed livery items are included in the FRH40XX section; Livery items designed by BR for application to 'inherited' locos abbear under the арргоргіаte constituent company headings. PLEASE CHECK TO SEE WHETHER OR NOT THE ITEM YOU SEEK IS IN A CONSTITUENT COMPANY SECTION IF IT IS NOT A BRITISH RAILWAYS PERIOD ORIGINATED ITEM. FRH4000/8 Original British Railways Tender

PULLMAN: THE REVISED RANGE

Please note that the products listed below have been almost completely revised since our first range of offerings produced in the 1990s and shown in the early pages of Heritage Catalogue Volume 2. These earlier namesets have now been deleted. All namesets now come with the correct surrounding panels and the sizes enable new identities for the Hornby Pullman vehicles to be added. Scratch-built and kit-built vehicles are also now fully accommodated.

Namesets for the Umber/Cream livery are available in individual pairs ONLY DIRECT FROM FOX TRANSFERS.
